Heinz Field, home to the Pittsburgh Steelers, is a monument to western Pennsylvania's football tradition, especially fans. To understand what Heinz Field represents is the Pittsburgh Steelers and the city of Pittsburgh, however, you first have to understand the events that brought us to today. The Steelers' roots in Pittsburgh go back to July 8, 1933, when they were founded by Arthur Joseph Rooney under the name the Pittsburgh Pirates. They were members of the 10-team NFL East Division with five remaining: the Pittsburgh Steelers, Chicago (Arizona) Cardinals, Green Bay Packers, Chicago Bears and New York Giants. The Steelers weren't always the thriving team they are today, however. The Pittsburgh Steelers have won only 22 games in their first seven seasons. Professional football wasn't just a priority in Pittsburgh, where baseball and college football were much more popular, so Art Rooney often got the Steelers away from their home at Forbes Field, and on the road to cities like Johnstown, PA; Youngstown, OH; and New Orleans, LA. Through it all, Rooney never faltered in his determination to make professional football successful in Pittsburgh. Rooney offered Colorado All-American Byron Wieszer White a \$15,800 contract in 1938, making him the NFL's first 'big money' player. Two years later, in an effort to generate some support and fan involvement, the football team changed its name to the Pittsburgh Steelers by recognizing the Pittsburgh Steelers. Yet it still took another two years before the Steelers, thanks to rookie Bill Dudley leading the NFL in rushing, enjoyed his first winning season. Years later saw the Pittsburgh Steelers merge with the Philadelphia Eagles Stigles (1943) and The Pete Card Cardinals (1944) as football rosters were depleted by World War II. The Steelers had the first chance at a division title in 1947 under coaching Jokes Sutherland as the Pittsburgh Steelers finished third in the NFL's Eastern League tie with the Philadelphia Eagles, who beat the Steelers 21-0 in a playoff game. From 1957 to 1963, the Steelers, led by quarterback Bobby Line, defensive tackle Ernie Stavtner and running back John Henry Johnson, were again division contenders but continue to fall short. The Pittsburgh Steelers' dynasty years were still a decade away. Two notable changes occurred in 1970, when the Pittsburgh Steelers, led by Coach Chuck Noll, moved from the NFL to central Asia by merging the NFL and also moved to their new home at Three Rivers Stadium, named after Three Rivers (Allegheny, Mononghella and Ohio Rivers) converging on downtown Pittsburgh. Previously, the Steelers had played home games at both Forbes Field and Pitt Stadium (home of the University of Pittsburgh Panthers) from 1958-63 and exclusively at Pitt Stadium from 1964-69. Many think Three Rivers Stadium Good luck, as the Pittsburgh Steelers' first division title came in 1972 with an 11-3 record. In the first playoff game in Three Rivers, the Steelers defeated the Oakland Raiders 13-7, and went ahead with Franco Harris' impeccable reception during the final minute of the game. The Pittsburgh Steelers led by Hall of Fame' Terry Bradshaw, Franco Harris, Mel Blount, Joe Green, Jack Lambert and Jack Hamm once again reached the playoffs in 1973 and won the Super Bowl in the next two seasons. After losing another chance at the Super Bowl with playoff losses in 1976 and 1977, the Steelers won the Super Bowl again in 1978 and 1979, becoming the first team in NFL history to have four Super Bowls and the only team to win the Super Bowl twice. With six consecutive AFC Central championships, eight straight playoff appearances and four Super Bowl championships, the Steelers were affectionately dubbed the Team of the Decade for the 1970s. The newest season in Steelers history began in June 1998 with an official ground-breaking pitch for Heinz Field, the new home of the 64,450-seat Pittsburgh Steelers and Pittsburgh Panthers. HeinzField's Gates officially opened in August 2001 for thrilling seasons that will provide a lifetime of memories for generations of football fans. Beyond The South Plaza, the heinz field horseshoe shape allows for a beautiful view of the city's unique skyline and fountain on point. Dan Rooney, the son of Steelers founder Art Rooney, looks to HeinzField as thank you to the loyal fans who have made them one of the best franchises in football history - a beautiful and intimate home where every chair is a good football chair. Heinzfield is the perfect combination of modern amenities and fan-friendly charm. The two-tiered stadium offers greater intimacy than many NFL locations, with natural grass, large sight lines and extensive visibility of football action set against the beautiful backdrop of downtown Pittsburgh. There is no such thing as a bad seat in this football-oriented stadium that was obviously designed to take football from a game to an experience. Special features include 2.2 acres of natural bluegrass offering a prestigious football experience. The Steelers and Panthers don't have to claim with a frozen playing field either, from an automated heating system, consisting of more than 35 miles of pipes, lies just below the grass surface and maintains the field in the constant 62-degree. 7100 club seats tucked between two levels on either side of Heinz Field providing a fantastic point of excellence and access to two three-story club halls. These popular lounges feature a floor-to-ceiling glass wall for almost the entire length of the building, a large video wall, a variety of chairs, beverage kiosks and specialty food stands. Heinz Field's open bowl shape offers The view from downtown Pittsburgh is one of America's most scenic cities. Point State Park, Hilton Pittsburgh and Towers, PPG Place, Fifth Avenue Location, Fort Pitt Bridge, Duquesne Incline, and Ohio River all constitute leaving visitors without a doubt that they are watching the game in Pittsburgh.Reflecting the legacy of Pittsburgh Steel, steel is a primary building material in Heinz Field. The majority of steel is silver grey in color, except for large gold-colored 'four pods' that support the upper deck. The large masonry anchors Heinz Field, echoing heavy stone bases of signs and bridges downtown Pittsburgh, such as the city city building and the Allegheny.Progressing County Court House up the stadium facade, the building gradually shifts from steel and stone to glass walls that reflect downtown skyscrapers such as PPG Place and the location of Fifth Avenue, both of which are visible from inside the stadium. Fans entering Heinz Field via Gate Bay come to The Great Hall, which celebrates the rich football traditions of both the Steelers and the University of Pittsburgh. On display, fans can view four Super Bowl trophies, big pictures of former Stillier greats and Hall of Fame closets. Fans will also enjoy interactive games and attractions as well as the usual selection of food and souvenirs. Heinz Field brings together three stable Pittsburgh icons: Heinz was founded in 1869; The stadium's massive drive is flanked by two giant bottles of neon heinz ketchup, which pour on the screen virtually whenever the home team drives into the Red Heinz area - the area between the 20-yard line and the goal line. If these bottles were filled with heinz ketchup, they each contained 1,664,0 ounces of liquid - enough to give the fan at least a 14-ounce ketchup bottle home. Millions of dollars of development are scheduled to take place over the next few years. Right now, there's not much on the way to nightlife right on the north coast near Heinz Square, but the area is growing like wildfire and now offers several great options for a few hours of relaxation and fun. Plus downtown Pittsburgh, the Strip area and even Square Station are just a quick walk, bus, or boat ride away. Dining and drinking: Looking for a place to open the wind and take a bite to eat before or after a game? Pittsburgh's North Shore offers a great mix of new twists and old favorites. A Pittsburgh game day tradition, Clark Bar & Grill is housed at Clark's historic Candy Factory across from Heinz Field, the final scene for Real Pittsburgh Sports Pro. Another popular sports bar is Deli Castellano, which, in its new location across Federal Avenue from PNC Park, offers sports fans plenty to drink, big deli sandwiches and plenty of Pittsburgh sports memorabilia. Other popular hometowns include Triangle Bar & Grill, Firewaters and Bar 2. If you're willing to walk or drive a few blocks, then consider the Glass Street pub on the historic north side of Pittsburgh, which offers great New Orleans Jazz and Cajun/Creole cuisine, or North Coast legends if you're in the mood for Italian.Active Entertainment: Want to work out some energy after the game? Then try one of the north coast's newest hot spots, hello Tops Sports Bar for great food, drinks, and fun. Or would you rather see an Olympic run or shoot a virtual goalkeeper? Then don't miss the UPMC SportsWorks, packed with over 40 exhibits featuring 70+ interactive experiences designed to test your skills in virtual games and sporting events. A bit of culture: Tom Sokolowski, director of the Andy Warhol Museum, reckons that the crowds of sports and art come from different planets, but I'm not so sure. One of the most comprehensive single artist museums in the world, the North Shore Institute consists of 35.0 square feet of exhibition space in seven floors, including the work of one of the most influential American artists of the 20th century. It provides an interesting insight into contemporary art and popular culture, and it's definitely worth at least one visit. Hand to Science: The Carnegie Science Center is right next to Heinz Square. Fun for kids of all ages can be found here with more than 300 hands in the exhibition, four-storey Omnimax Theatre, Interactive Planet, a real submarine, and three live theaters. One of the top 10 science centers in the country! Thank you for calling us! Know!
